NIKHIL RANA

Full Stack Developer | React.js & Next.js | Node.js & MongoDB | DevOps (Docker & CI/CD)
New Delhi, India | +91-6230397675 | nikhilrana7885@gmail.com
Portfolio | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Full Stack Developer with 1 year of hands-on experience building and deploying responsive, database-driven web applications using React.js, Next.js, Node.js, and MongoDB. Working knowledge of DevOps practices including Docker containerization, CI/CD pipeline setup, and VPS deployment/management. Comfortable owning projects end-to-end — from RESTful API design to production deployment — within a client-facing agency environment. Quick learner with a strong foundation in modern web technologies and a keen interest in writing clean, maintainable code.

CORE COMPETENCIES

Frontend Development: React.js, Next.js, JavaScript, HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Web Design
Backend Development: Node.js, RESTful API Design
Databases & Storage: MongoDB, MySQL, MinIO
DevOps & Cloud: Docker, CI/CD Pipelines, Linux, Networking, VPS Deployment, CloudPanel, Hostinger
CMS: WordPress
Tools & Practices: Git, GitHub, GitLab, Version Control, Code Review

PROFESSIONAL EXPERIENCE

Full Stack Developer — IDM Valley **December 2025 – Present (1 Year)**

- Developed and maintained responsive web applications for multiple client projects using React.js, Next.js, and Tailwind CSS.
- Built and integrated RESTful APIs with Node.js and MongoDB to support various client-facing features and workflows.
- Containerized applications using Docker and set up CI/CD pipelines for automated builds and deployments.
- Deployed and managed applications on VPS servers using CloudPanel and Hostinger, handling server-side configuration for client sites.
- Collaborated with the development team using Git, GitHub, and GitLab for version control and code reviews.

PROJECTS

Company Projects

7p-digital.com | IDM Valley
- Worked on backend development for the agency site 7p-digital.com, built using Next.js with MongoDB as the database.

thewomenshospitals.com | IDM Valley
- Built the backend admin panel for thewomenshospitals.com using Next.js with MySQL as the database.

kuttys.idmvalley.cloud | IDM Valley
- Built the admin panel for kuttys.idmvalley.cloud using Next.js, MongoDB, and MinIO for image storage.

showupreset.com | IDM Valley
- Handled end-to-end backend development for showupreset.com, built using React.js with MySQL as the database.

inensy.com | IDM Valley
- Worked on the backend admin panel for inensy.com using Next.js, MongoDB, and MinIO for image storage.

press-release.idmvalley.cloud | IDM Valley
- Built a full-stack press release portal with user authentication, press release submission and management, MongoDB for data persistence, and MinIO for image and document storage using Next.js.

Personal Projects

Portfolio Website | Personal Project
- Designed and built a personal portfolio website using React.js and Next.js, deployed live on Vercel (nikhil-ten-nu.vercel.app).

Advance Task Manager App | Personal Project
- Built a task manager web application with priorities, deadlines, and progress tracking using React.js, deployed live on Vercel (advance-task-manager-app-iota.vercel.app).

E-Commerce Website (Amazon-style) | Personal Project
- Built an Amazon-style e-commerce website with an admin panel backend using React.js and MySQL.

EDUCATION

B.C.A. (Computer Applications – General) | Sardar Patel University (SPU) **2022 – 2025**
